President's Column by Rob
Alexander

Well, there goes another year! I hope it was a healthy, prosperous year for all our Club members. It sure went fast...

As we recollect the happenings at the Club in 2006, it was a very good year. We started some great new programs, made some great facility improvements, have put some projects in motion striving for more efficiency, cost savings and member involvement and attained a membership of over 160 members. That is the highest membership in the memory of our E-board. It is my hope that we can also increase the member participation in the organization, planning, and implementation facets of The Peterborough Sportsman's Club. The Club depends on its' volunteer base...A sincere THANK YOU to all members who supported the Club in whatever way you were able.

We have had several cord of cut to length wood donated recently and we are planning to remove that from the woods on Saturday, January 6. Anyone interested in helping out (read anyone who uses the ranges that burn wood in winter) should show up at the club at 8:30 am. We will caravan up to Sand Hill Road and bring as much as our pickups will carry back to the club. We will likely split it the following weekend for stacking in the spring. Call Rob @ 924-3996 if you have questions. We welcome all the hands and trucks we can muster. All you need is...gloves!!!

I truly hope 2007 is a good year for all Club members and their loved ones. Live every minute...it goes fast.
